

**FINAL**

**Comment Response Document  
Regarding the Total Maximum Daily Load of Sediment in the Non-Tidal Marsh Run  
Watershed, Washington County, Maryland**

The Maryland Department of the Environment (MDE) has conducted a public comment period of the proposed Sediment TMDL for the Non-Tidal Marsh Run Watershed. The comment period was from June 24, 2019 to July 24, 2019. MDE received one set of written comments.

Below is a list of the commenters, their affiliations, the date comments were submitted, and the number referenced to the comments. In the pages that follow, comments are summarized along with MDE’s responses.

**List of Commenters**

<b>Author</b>	<b>Affiliation</b>	<b>Date</b>	<b>Comment Number</b>
Ms. Jillian Adair	U.S. Environmental Protection Agency Region 3	June 26, 2019	1-3

**Comments and Responses**

1. The commenter references page 26, the first paragraph states that the NPDES stormwater WLA requires and overall reduction of 60 percent, but Table 8 correctly shows 59. Please correct the paragraph text.

**Response:** The text has been corrected.

2. The commenter references Table 8 asking should “regulated stormwater” and “wastewater” instead of “regulated urban” and “individual permits”?

**Response:** The text has been revised.

3. The commentor states the Margin of Safety section heading may have been inadvertently deleted. Please correct.

**Response:** The text has been corrected.
